Modern Services at the Illinois State Library.

## FOREWORD

"STATISTICS of Library Service in Illinois," an annual publication, presents a graphic and statistical picture of libraries in Illinois. It is primarily a compilation of the annual reports, submitted in accordance with State law by every public library in the State, with additional information secured through questionnaires and other sources.

Assessed valuations of library areas and library tax rates are taken from the 1946 report of *Property Tax Statistics For Illinois Local Governments,* prepared by the Railroad and Property Tax Division of the Illinois Department of Revenue. The 1946 valuations are employed since tax receipts for the period covered were based on these evaluations.

Other features included in this issue are lists of Public Libraries, High School Libraries, Association Libraries, and College Libraries, with the librarian of each indicated. Since annual reports are a legal requirement only for tax-supported public libraries the listing for other libraries is incomplete.

This year the report includes individual county maps, with libraries, city, town, village and township indicated, and statistics on each county.

The revised *A.L.A. Standards* for support of library service are included. It will be noted that no library in Illinois meets all of the minimum standards, thus clearly indicating the need for larger units of service as the only means by which sufficient income can be realized.

There is a brief section on the Program of Demonstrations of Library Service, conducted by the State Library. Further information on this program and its objectives will be found in regular issues of ILLINOIS LIBRARIES, and applications to specific areas may be secured by addressing the Illinois State Library, Extension Services.

Suggestions, constructive criticisms and additional information for future issues will be welcome. It is the sincere desire of the State Library to provide a complete picture of library service in Illinois which will be useful to all interested individuals and groups.

MARION E. JAMES, *Chief*

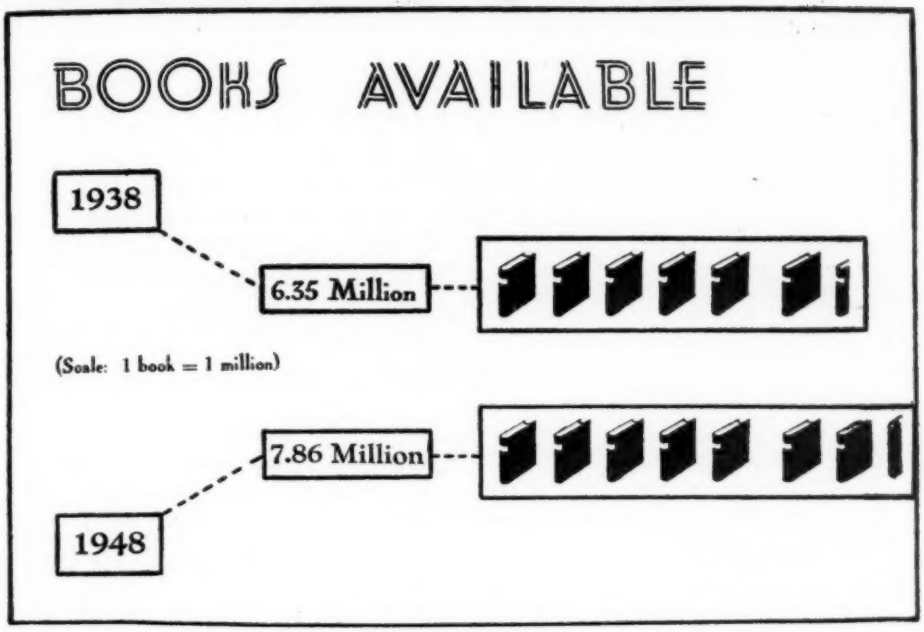
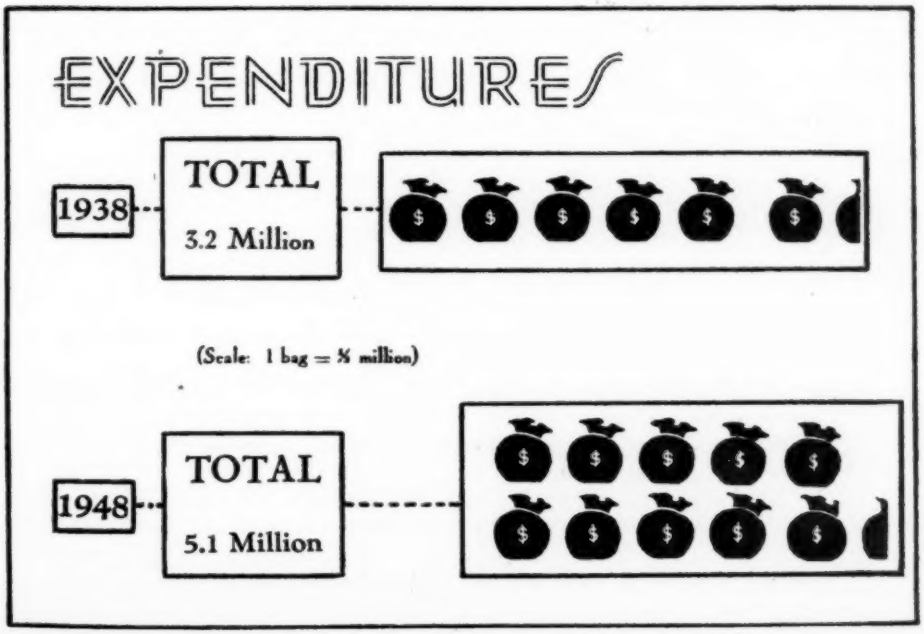
# ILLINOIS



* Figures pertain to public libraries only.



# STANDARDS FOR PUBLIC LIBRARIES*

"The essence of the many standards for public libraries may be compressed into three basic elements, all of which are necessary in a planned program of library development:

1. Complete public library coverage.
2. Library service of adequate quantity and dynamic quality.
3. Large units and cooperation in library service.

## Registration

"Registration standards are affected by city size, age groups, and the educational levels of adult population. . . . The number of registered borrowers in public library units should meet the following minimum quantitative standards, based on a three-year registration period:

For adult borrowers: 20 to 40 per cent of the population 15 years of age and over.

For juvenile borrowers: 37 to 75 per cent of the population from 5 through 14 years of age.

For both adult and juvenile borrowers the per cent of the population registered will tend to rise as the population of the unit served decreases.

## Number of Books

"The total book stock of a public library should be sufficient to insure at all times an adequate collection for consultation and home use. The number of volumes per capita in a public library should meet the minimum standards shown in the following table:

| Population of Library Area | Volumes per Capita |
|---|---|
| 6,000– 10,000 | 3.0 up to 25,000 volumes |
| 10,000– 35,000 | 2.5 up to 70,000 volumes |
| 35,000– 100,000 | 2.0 up to 175,000 volumes |
| 100,000– 200,000 | 1.75 up to 300,000 volumes |
| 200,000–1,000,000 | 1.5 up to 1,000,000 volumes |
| Over 1,000,000 | 1.0 volume |

"The minimum size of the book stock of any public library as an independent unit, should be 6,000 volumes regardless of the population served. A smaller collection cannot be expected to achieve the objectives here set forth.

## Circulation of Books

"The circulation of books for home use in public library units should meet the following minimum quantitative standards:

For adult books: 3 to 10 volumes per capita for the population of 15 years of age and over.

For children's books: 10 to 30 volumes per capita for the population from 5 through 14 years of age.

For both adult and children's books the circulation per capita will tend to rise as the population of the unit served decreases.

* Post-War Standards for Public Libraries, American Library Association, 1943.

### Hours of Service

"At least 40 man hours of public service should be provided annually for each 100 persons in the total population served by a public library. Not more than 60 per cent of this public service time should be devoted to circulation procedure."

### Library Income

"The following minimum per capita standards of support are recommended for varying stages of development of library service in areas with 25,000 population and over:

For limited or minimum service.....$1.50 per capita
For reasonably good service..... 2.25 per capita
For superior service..... 3.00 per capita

At $1.50 per capita, 65% of income used for salaries, exclusive of maintenance; 17.5% for books, periodicals and binding.*

### Minimum Income—$25,000

In libraries serving areas where $25,000 cannot be raised under the permissible tax levy, consideration should be given to one of two alternatives: enlarge the area of service and support by formation of a library district; or contract for library service from a larger unit.

*NO LIBRARY IN ILLINOIS MEETS ALL ITEMS IN THE "STANDARDS."*

## MAKING AND FILING OF ANNUAL REPORTS*

REPORT OF DIRECTORS—"Within fifteen days after the expiration of each fiscal year of the city, incorporated town, township or village, the board of directors shall make a report of the condition of their trust on the last day of the fiscal year, to the city council, board of town auditors or board of trustees, as the case may be. This report shall be made in writing and shall be verified under oath by the secretary, or some other responsible officer of the board of directors. It shall contain (a) an itemized statement of the various sums of money received from the library fund and from other sources; (b) an itemized statement of the objects and purposes for which those sums of money have been expended; (c) a statement of the number of books and periodicals available for use, and the number and character thereof circulated; (d) a statement of the real and personal property acquired by devise, bequest, purchase, gift or otherwise; (e) a statement of the character of any extensions of library service which have been undertaken; (f) a statement of the financial requirement of the library for the ensuing fiscal year, and of the amount of money in the judgment of the board of directors it will be necessary to levy for library purposes in the next annual ordinance; and (g) any other statistics, information and suggestions that may be of interest. A report shall also be filed, at the same time, with the Illinois State Library." (As amended by an Act approved June 24, 1943.)

* Chapter 81, Section 7, Illinois Revised Statutes, 1945.

# LIBRARY SERVICE DEMONSTRATION PROGRAM

WE BELIEVE:

1. That an educated and informed citizenry is essential to the public welfare.

2. That libraries are an integral part of the education of all citizens, adults as well as children.

3. That libraries, like schools, should be available on a tax supported basis to all citizens, regardless of place of residence or monetary income.

4. That, in order to convince groups and individuals of the value of a service they have not previously known, that service must be DEMONSTRATED in all its aspects.

THEREFORE:

The Demonstrations of Library Service, originally conducted under a special appropriation, have been since July 1, 1947, an integral part of the Illinois State Library, under the direction of the Extension Services. Demonstrations have been in progress in each of the 6 Library Regions of the State and have included the following counties: *Region 1,* Henderson, Mercer, Warren; *Region 2,* Cook, DuPage; *Region 3,* Ford Iroquois, Livingston; *Region 4,* Marshall, Stark, Woodford; *Region 5,* Crawford, Effingham, Fayette; *Region 6,* Edwards, Wabash, White.

Demonstrations are carried on by means of bookmobiles and collections, serving rural schools, communities without other public library service, and those communities with libraries that request the additional service. Films, recordings, and other audio visual aids are utilized, in addition to the books.

Given below are the statistics concerning number of outlets (bookmobile stops or deposit collections), circulation, and population served. A comparison with last year's statistics will indicate a steady increase in circulation.

| Region | 1 | 2 | 3 | 4 | 5 | 6 | Totals |
|---|---|---|---|---|---|---|---|
| Places served | 203 | 108 | 170 | 135 | 322 | 163 | 1,101 |
| Population served | 38,313 | 107,557 | 47,997 | 27,047 | 60,598 | 38,945 | 345,551 |
| Circulation | 97,635 | 111,645 | 102,177 | 60,535 | 84,255 | 75,352 | 531,599 |

The primary objective of the program of demonstrations of library service is the establishment of libraries on a larger unit, locally controlled, tax-supported basis. As of the date of this issue, petitions for the establishment of such libraries have been presented to the County Judges in four regions and action in the other two regions is now in progress.

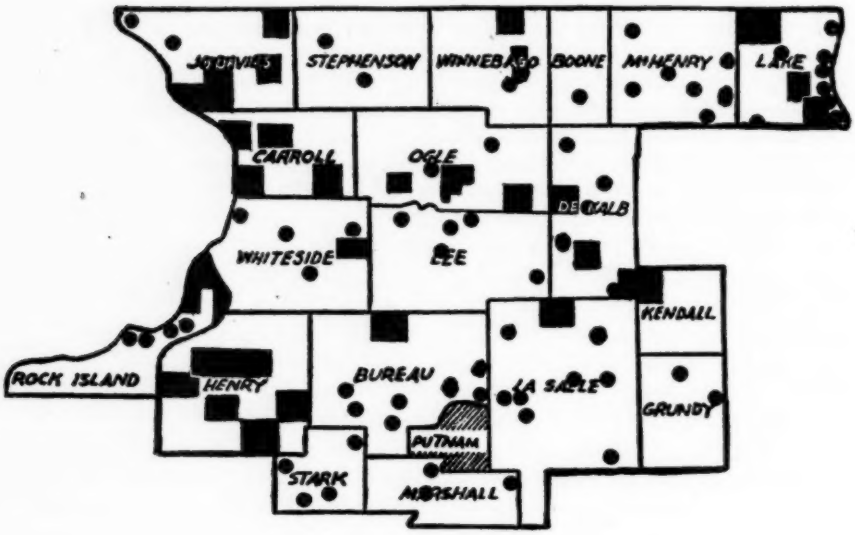
"If librarians will accept the concept of close blood-relationship of all types of libraries; will team up to mobilize the forces called for in the organization of State Planning Implementation Committee; and will recognize that the content of library service depends upon consumer requirements and not upon the independent professional opinion, then a beginning will have been made to overcome the deterrents that have plagued library planning and development; lack of unity, lack of common objectives, and lack of a clearly defined service target in terms of total community interests and needs."

—Edward A. Chapman,
Rensselaer Polytechnic Institute
Library.

# LIBRARY SERVICE IN REGION 1

Members of State Library Advisory Committee:

FAITH ARMSTRONG, Public Library, Rockford
Citizen Representative: FRITIOF ANDER, Rock Island



Comprising 20 Counties having 864,980 population

233 Municipalities

136 with library service
- 99 public libraries—564,579 population
- 31 association libraries—20,139 population
- 6 added municipalities included in area served

97 without permanent libraries—280,262 population

203 additional service outlets operated under the Demonstration program—63,407 population

Communities above 2,500 without library service:
Highwood 3,707

A program of demonstrations of library service is being conducted by the Illinois State Library in the non-library areas of Mercer, Henderson, and Warren Counties.

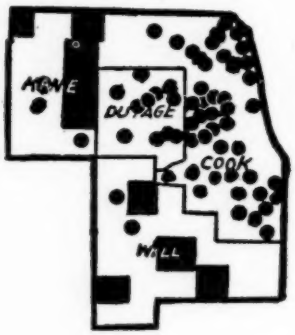
# LIBRARY SERVICE IN REGION 2

Members of State Library Advisory Committee:

NATHAN R. LEVIN, Public Library, Chicago
MARGARET BLAKELY, Public Library, Riverside
Citizen Representative: MRS. LAURA HUGHES LUNDE, Chicago



Comprising 4 Counties having 4,411,238 population

147 Municipalities

82 with library service
- *69 public libraries—4,198,856 population
- 1 endowed library
- 11 association libraries—11,471 population
- 1 added municipality included in area served

65 without permanent libraries—200,911 population

108 additional service outlets operated under the Demonstration program—107,557 population

Communities above 2,500 without library service: Dolton 3,068; LaGrange Park 3,406; Kenilworth 2,935; Phoenix 2,875; Riverdale 2,865; River Grove 3,301; Steger 3,369; Niles Center 7,112.

A program of demonstrations of library service is being conducted by the Illinois State Library in the non-library areas of Cook and DuPage Counties.

* Does not include the 3 Reference Libraries in Chicago.

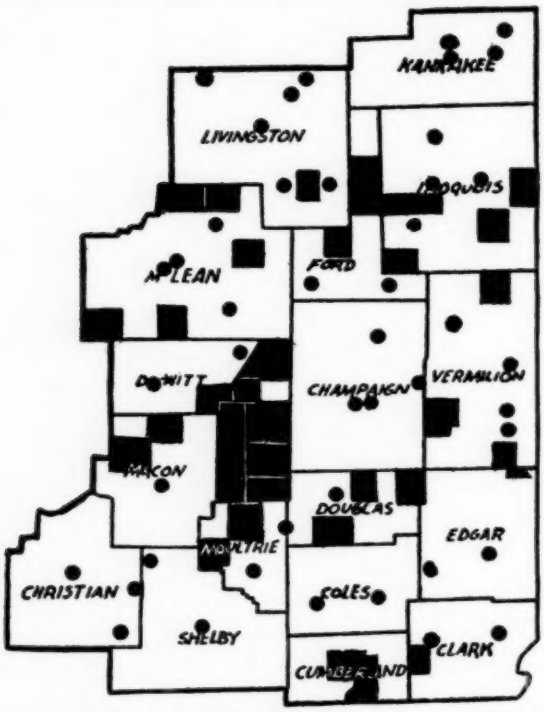
# LIBRARY SERVICE IN REGION 3

**Members of State Library Advisory Committee:**

**P. L. Windsor, 701 Michigan Ave., Urbana**

**Citizen Representative: David E. Lindstrom, Urbana**



**Comprising 18 Counties having 685,474 population**

**207 Municipalities**
**91 with library service**
**76 public libraries—383,418 population**
**13 association libraries—7,518 population**
**2 added municipalities included in area served**
**116 without permanent libraries—294,538 population**
**170 additional service outlets operated under the Demonstration program—47,997 population**

**Communities above 2,500 without library service: None**

**A program of demonstrations of library service is being conducted by the Illinois State Library in the non-library areas of Ford, Iroquois, and Livingston Counties.**

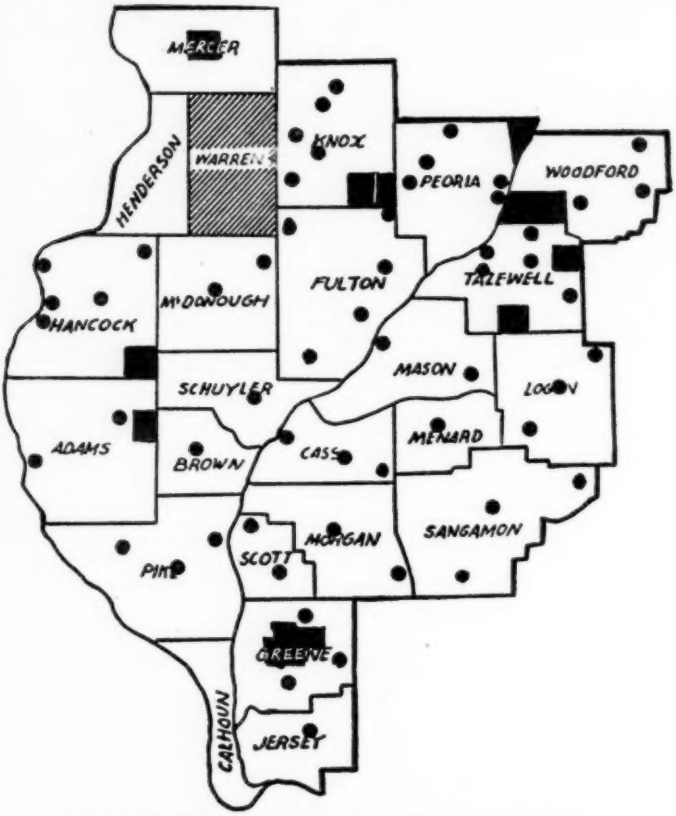
# LIBRARY SERVICE IN REGION 4

Members of State Library Advisory Committee:
CURTIS WYNN, Public Library, Galesburg
Citizen Representative: REV. JOSEPH T. MURRAY, Springfield



Comprising 24 Counties having 815,451 population

248 Municipalities
99 with library service
69 public libraries—465,861 population
24 association libraries—21,976 population
6 added municipalities included in area served
149 without permanent libraries—327,614 population
135 additional service outlets operated under the Demonstration program—27,047 population
Communities above 2,500 without library service: None

A program of demonstrations of library service is being conducted by the Illinois State Library in the non-library areas of Marshall, Stark and Woodford Counties.

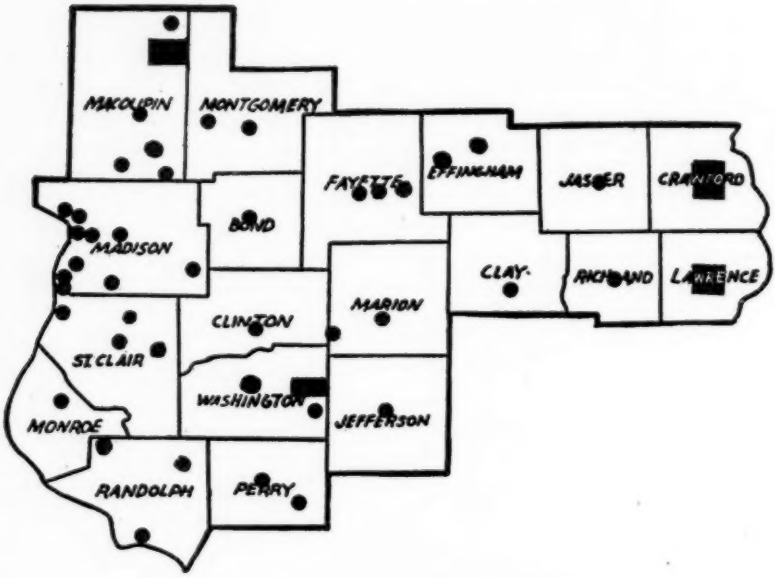
# LIBRARY SERVICE IN REGION 5

Members of State Library Advisory Committee:

LOUISE ANTHONY, School Libraries, Alton
Citizen Representative: IRVING DILLIARD, Collinsville



Comprising 19 Counties having 745,545 population

226 Municipalities

66 with library service
- 44 public libraries—356,433 population
- 1 endowed library
- 21 association libraries—23,592 population

160 without permanent libraries—360,940 population

322 additional service outlets operated under the Demonstration program—60,598 population

Communities above 2,500 without library service:
Mt. Olive 2,559; Washington Park 4,523.

A program of demonstration of library service is being conducted by the Illinois State Library in the non-library areas of Crawford, Effingham, and Fayette Counties.

# PUBLIC LIBRARY SERVICE AVAILABLE IN EACH COUNTY

"SUCCESS in library planning and implementation hinges upon the citizens' organization with a clear comprehension of what it supports, what it is seeking. The public makes no fundamental distinction among types of libraries, nor should librarians allow or foster a distinction. It must simply be libraries in the minds of citizens and librarians looking together toward a common goal of widespread public understanding and acceptance."

—EDWARD A. CHAPMAN,
Rensselaer Polytechnic Institute Library.
